SUBJECT.

Report showing how the new arrangements order the recommendations of the Press Committee have been effected & what economies have been effected

---

To.

G. 6765-78 23.2.32
The Supt. Govt. Printing
The Supt. Stationery Depot
The Comptroller to Government

Records the report on the working of the arrangements ordered in pursuance of the Recommendations of the Press Committee & the economies effected.

Serial No.

From the Supt. Govt. Printing
Bangalore
P — 181 D. 17 7 87

Submits a report regarding the possibility of the Government Press and the Branch Press being run on the present working Staff since made permanent

1) Basis. The proposals are

Abolition of one clerk

Saving of Rs 205 p. month has been effected by abolishing the posts of 8 men Case out of the 18 ordered to be

Machine Minder

2) Consequent abolition of 4 book lascars on a Saving of Rs 126 p. month effected. But the Supt proposes that in lieu 4 boys abolished by Circular next be entertained on Rs 20 each (subsidiary) Saving of Rs 36, 32, 32, 27 retained ~~in~~ lieu of a Saving of Rs 46 p. month

Machine Minder

The ~~Supt~~ proposes to revise the 5 places on Rs 8 each by those

3914

File No. of 193 | General and Secretariat

It increases the numerical strength by one effects a Saving of Rs 72 per month. The ~~main~~ proposals be approved.

Orders:

"(x) under the Cen class a Rs of Rs 224 p m was effected by abolishing the remaining post of the men Compositor in the Press & Mtce Branch. The Supdt proposes as a measure of further retrenchment to retrench 6 posts on Rs 36 each in the Peons holding these appointments are likely to be nearing superannuation & the Compulsorily retired. The Supdt proposes the entertainment of 6 boys on Rs 5 each with an ultimate Saving of Rs 394 pm. In the Branch Press a post on Rs 17 has been abolished The net result of the proposals will be a Saving of Rs 784 p m or Rs 9408 per annum.

5) The Financial Secy thinks that the Cen Dalpat

2nd Nov 6) The proposals made by the Supdt: result in a monthly saving of Rs 784, in the exp^re of the Central Press. No further reduction of exp^re in the Branch Press is said to be possible.

7) Effect has been given to the

sanctioned in G.O. of Aug. 1930 No 1464 over the existing scale.

General and Revenue Secretariat

File No. 22 of 193

Serial No.

abolition of the posts of 18 men concerned in the recent strike. But the Supdt says that four of these posts should be restored in the machinery Deptt: on a reduced pay of Rs 20 each per mensem to provide for ~~one~~ a machineman for each machine. This is for orders. The effect of this proposal is that while the number sanctioned for this Deptt: of the Press remains the same. (20), there will be a monthly ~~saving of Rs 46~~. increase of Rs 80 ~~pm~~. over the existing scale.

8) Among Asstt: machine minders, the existing strength after absorbing the 5 supernumeraries, is 31 against the scale of 31 proposed by the Press Committee. The Sup wants one addition to the present strength for being put in charge of the treadle machine recently purchased. As he has proposed to reduce the existing 8 hands on Rs 18 to 4 and employing 5 hands on Rs 8/, his proposal results in a saving of Rs 32 p.m. This is another point for orders.

9) In the binding section, the present strength of which stands at 76, the Supdt proposes that 5 men on Rs 35 each who are nearing superannuation may be compulsorily retired & their posts abolished. In the statement accompanying his letter he has also proposed the reduction of one hand on Rs 25. In lieu of these 6 place

WD 02553—G PB—50,000—8 7 30

he proposes to employ 6 boys on Rs 5/- each. The savings that will be effected by this arrangement will be ~~Rs 330~~ Rs 170 on the existing scale of expenditure

1) The only point for consideration in this case is, whether 5 men who have not yet attained superannuation (and whose work is not reported to be unsatisfactory) can be compulsorily retired before their time. This is the third point for orders.

2) The net result of the Superintendent's proposals over the expenditure on the existing. scale is —

	savings Rs.	Addl cost Rs.
Machinemen.		80.
Asst —do—	32	
Binders.	170	
	202	80

net savings Rs 122 p. m. or Rs 1464 per annum.

3) The existing scale may perhaps be got verified by the Comptroller.

This may be done 26/7/31

Chief Sec) 25/7/31.

4) Forwarded with Compliments to the Comptroller, for favor of verification of the existing scale of establishment & early return

R.O. No 10 of 1931-32 dt 27.7

By order,
for Chief Sec.

27.7.31

COMPTROLLER'S OFFICE 27 JULY 1931 R.O. 52 S/1 BANGALORE.

Secretariat P.W.D. File No. 22 of 1

Serial No.

U.O.No. 60/TAD A i dated 30-7-31; U.O. 37 Spl. 31-7

Returned with compliments to the Chief Secretary to Government.

The sanctioned and the existing scales as shown in the statement sent by the Superintendent of Government Printing have been verified. Under "Asst. Machine-men" in the existing scale, the number of persons on Rs. 8/- is shown as nil, while there are five on Rs. 8/- each. With this difference the scale noted therein is correct.

Deputy Comptroller

Draft — approved. The Supdt. will be asked to explain the discrepancy referred to

Apparently, they were supernumeraries since absorbed. But no harm in making the point clear. Draft

CHIEF SECRETARY.
2 MAY 1931

Letter No. P. 3250A dated the 13th April 1931 from the Superintendent, Government Press, Bangalore, to the Chie Secretary to Government of Mysore, Bangalore.

-----:0:-----

With reference to the anonymous petition dated the 8th April 1931, resubmitted herewith, in which certain workers of the Government Press who are at present locked out have given the names of certain men as being the ringleaders who have mislead them, I have the honor to state that I referred to the Order Book of the Governement Press of the year 19?? when a strike had occurred in the Government Press and found that in office order No. 198 dated the 27th October 1921 the names of the very same people are mentioned among others, as having been dismissed or suspended for being at the bott of the strike. From information received by me from time time and from the way they always come forward and champio the cause of the others and indulge in impertinent language I believe they are undesirables.

They were all restored to service as per Government Order No. G. 11047-8 P & S 6-20-32 dated the 4th December 1920 on condition of their showing good conduct. Now, by being involved in engineering the strike that has led to the lock-out of a large number of employees, they have violated the conditions of the Government Order of 1920. On this ground, they are liable for dismissal. But on account of their long service, they may be compulsorily retired from service forthwith.

The names that I would suggest for this punishment are as follows:-

Compositors -	Pay	Date of entry into service.
1. B. Gulab Singh	35	1898
2. B.R. Annayya	32 plus 3	1906
3. B. Ramaswamy	30	1913
4. B.K. Nanjappa	32	1905
5. B. Nagoji Rao	30 Piece work	1920

Binders.

1. V.K. Ranganathan	30 plus 2	1908
2. D. Hutchanna	32	1905
3. V. Muniswami	30	1915
4. B. Nagappa	30 plus 2	1908
5. V. Devappa	32	1901
6. Syed Habib	30	1913

Machineman

1. Hanumaiya	32 plus 3	1903

Rs. 385 per month
or Rs. 4620 per annum.

These people may be retired and their posts may be abolished, thus effecting a saving of Rs. 4620/- per annum.

If the above proposals commend themselves to Government orders may be kindly issued directing their compulsory retirement simultaneously with the order regarding the termination of the lock-out.

S-

To

N. MADHAVA RAO, ESQ., B.A., B.L.,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
BANGALORE

With reference to your letter No: G. 11523/P.&.S dated 8th May 1931, requesting to be informed what furth retrenchments would be possible both in the Central Pre and in the Branch Press at Mysore in the piecework staf made permanent as per G. O. No: G. 3868-9/P.&.S. 22-30- dated 8th October 1930, I have the honour to submit herewith a complete statement showing

1. the strength proposed by the Press Committee,
2. the strength sanctioned by Government in their order No: G. 3868-9/P.&.S. 22-30-9, dated 8th October 1930,
3. the strength as it stood at the end of April 1931 after the termination of the lock-out and the compulsory retirement of 18 hands sanctioned in G. O. No: G. 10751-2/P.&.S. 82-30-5, dated 27th April 1931 and
4. the strength that may be finally fixed for both the presses.

I shall deal with each class of men separately in their respective order.

Hour Account men.- The strength proposed by the Press Committee for the Central Press was 39 and 11 for the Branch press at an expenditure of Rs. 1,242/- and Rs. 335/- respectively. This strength was subsequently

retrenched further in the Government Order by 4 men for the Central Press and 3 men for the Branch Press at a cost of Rs. 1,147/- (including Rs. 36/- P.A. which will eventually be saved) for the Central Press and Rs. 188/- for the Branch Press, thereby effecting a saving of Rs. 95/- in the Central Press and Rs. 147/- in the Branch Press, the saving in the latter being substantial. The strength sanctioned by Government stands further reduced now in the Central Press by 8 men who have been compulsorily retired, representing a further saving of Rs. 246/-. Thus, the strength that stood at 39 in the Central Press at first has been eventually brought down to 27 and what stood at 11 in the Branch Press has been reduced to 8, thereby effecting a saving of Rs. 350/- in the Central Press and Rs. 147/- in the Branch Press, totalling to Rs. 497/- per month or to Rs. 5,964/- per annum over the figures proposed by the Press Committee or to Rs. 255/- per month or Rs. 3,060/- per annum over the figures sanctioned by Government.

Machine Minders.- The strength proposed by the Press Committee for the Central Press was 21 at a monthly cost of Rs. 573/-. This was subsequently fixed by the Government order at 20 on a monthly expenditure of Rs. 558/- (including Rs. 11 P.A.) with a saving of Rs. 15/- a month. This has been further reduced by the recent compulsory retirements and dismissal of 4 men to 16 men at a monthly cost of Rs. 432/- effecting a shortage of five men and a saving of Rs. 141/- per month or Rs. 1,692/- per annum over the figures proposed by the Press Committee or of 4 men and Rs. 126/- per month or Rs. 1,512/- per annum respectively, over the figures sanctioned by Government. But in the Machine Department, it is not possible to

work without a machineman for each machine. Hence, there is the need for appointing four new machinemen in place of the four men who have been retired and dismissed. But the pay of these new men is proposed to be fixed at the modest sum of Rs. 20/- each in lieu of Rs. 35, 32, 32 and 27, respectively, that used to be drawn by the retired and dismissed men. Hence, though the strength is restored to 20, yet there will be a saving of Rs. 46/- per month or Rs. 552/- per annum over the sanctioned expenditure. I therefore solicit that this increase in number in the machinemen on the pay proposed may be kindly sanctioned.

Asst. Machine Minders.- The Press Committee proposed a strength of 30 to the Central Press and 2 for the Branch Press at a monthly cost of Rs. 465/- and 36/- respectively. But Government sanctioned 36 me for the Central Press (including the one retrenched under machine minders and taken on as assistant machine minder) at a cost of Rs. 509/- per month and ordered that the 5 extra men should be treated as supernumeraries. The figure for the Branch Press stood at 2 men only, but their pay was increased to Rs. 40/- instead of Rs. 36/-. As the supernumeraries have now gone, I beg to propose that the number of these useful class of men be fixed at 32, i. e., only one more, at a reduced expenditure of Rs. 437/-. Though the number is increased by only one hand, the expenditure itself will stand reduced, thereby effecting a saving of Rs. 72/- per month or Rs. 864/- per annum as shown in the statement. This additional hand is required for being trained to work on a treadle machine that has been newly bought for the Press.

Binders.- The Press Committee fixed the number at 82 for the Central Press and 13 for the Branch Press at a monthly cost of Rs 1,809/- and Rs 210/- respectively. But in the Government Order, one more man was sanctioned for the Central Press who was treated as supernumerary. At present, the strength stands reduced at 76 in the Central Press and 12 in the Branch Press. I now beg to propose, as a measure of further retrenchment in this branch, that all the five men in the Central Press who are at present drawing Rs 35/- each and who are nearing superannuation may be compulsorily retired and their posts abolished. But as it is always useful in this Branch to employ a few boys on miscellaneous work such as pasting, gluing and boiling paste and glue and helping on machines, etc., for which men drawing higher pay would be a source of loss, I propose to take 6 boys on Rs 5/- each. Hence the strength remains at 76, i. e., 7 less than the number sanctioned in the Government Order, but the reduction in expenditure will be substantial. It will come down from Rs 1,992/- (including P.A.) per month as sanctioned in the Government order to Rs 1,598/-, thereby effecting a saving of Rs 394/- per month or Rs 4,728/- per annum in the Central Press and Rs 17/- per month or Rs 204/- per annum in the Branch Press.

To sum up, the proposals submitted above will result in a substantial reduction over the present sanctioned expenditure under each of the four classes of workmen as shown below:--

	Central Press.		Branch Press.	Total.
Hour Account Men	... Rs 255 per month	Plus	nil	= 255.
Machine Minders	... 46 " "	"	nil	= 46.
Asst. Machine "	... 72 " "	"	nil	= 72.
Binders.	... 394 " "	"	17	= 411.
			Total	= Rs 784
			per month or Rs 9,408 per annum.	

I beg to submit that this sum represents a handsome saving obtained in the space of one year in the establishment engaged in the daily production of work. Further curtailment is not possible and will not be conducive to efficient work. Retrenchment have been effected almost entirely in the Central Press as there is no scope for further reduction in the Branch Press as the establishment there is not only too small but heavy retrenchments were effected there at the outset when the Press Committee fixed its scale and Government subsequently sanctioned it.

The present proposals have been based on a year's actual working of the sanctioned establishment. T h e minimum establishment that would be required in view of the increased hours of work and the minimum amount of pay at which each class of workmen may be fixed have now been fully considered in the light of the knowledge and experience gained during the past year, and -- embodied in column 4 of the enclosed statement. Thoug this establishment represents the sanctioned strength, the full effective working strength will only be about 10 to 15 per cent less on account of the absentees on leave which this class of men is very fond of taking.

In these circumstances, I respectfully request that the strength and the pay of the work establishment of both the Government Presses may be kindly fixed and sanctioned finally as proposed in column 4 of the enclosed statement.

I have the honour to be,
Sir,
Your most obedient servant,

SUPERINTENDENT,
GOVERNMENT PRINTING.

Bangalore.

SIR,

With reference to your letter No: G. 1188, dated the 6th instant, I have the honour to state that five places of supernumerary assistant machine minders' have been vacated with effect from 1st July 1931, in order to do away with supernumeraries altogether. But by oversight the office has drawn pay for two supernumeraries which will be recovered and remitted to the Treasury. Thus, there were actually five assistant machine minders' places vacant on the date of my submitting the proposals i. e., on 17th July 1931, and were shown as such under "existing scale" in the statement.

I have the honour to be,

Sir,

Your most obedient servant,

B. Puttaiya

Proceedings of the Government of H.H.

the Maharaja of Mysore.

*****

R e a d.- G.O. No.1532-3 P.& S. 7-30-3 dated the 6th August 1930 sanctioning the revision of the establishment of the Branch Press, Mysore with effect from 1st July 1930.

(2) G.O. No.3868-9 P.&S. 22-30-9 dated the 8th Oct. 1930 sanctioning the absorption in the permanent establishment of a certain number of Hour Account Compositors and Piece Work Machine men and Binders of the Central Press, Bangalore.

(3) G.O. No. G.10751-2 P. & S.,82-30-5 dated 29th April 1931 sanctioning the compulsory retirement of eighteen men who were on strike in the Press and directing that their places should be abolished.

(4) Letter No. G.11523 dated the 8th May 1931 to the Superintendent of Government Press calling for proposals for further retrenchments in the Piece-work staff of both the Presses.

(5) Correspondence ending with letter No. P.541 dated the 17th August 1931 from the Supt. Government Printing, Bangalore, submitting proposals for further retrenchments in the Piece-work staff of both the Presses.

Order No. G. 3097-8

Dated Bangalore, the 13th ~~Sept.~~ Oct. 1931.

Since the issue of the G.O. dated the 8th Oct. 1930 read above, various other retrenchments have been effected in the staff of the Central Press at Bangalore and the Branch Press at Mysore. The Supt. was requested to investigate the possibilities of further retrenchment in both the ~~places~~ Presses. In reply he has stated that it is not possible to make any further retrenchments in the establishment of the Branch Press but has submitted certain proposals in regard to the Central Press under the following heads:

Hour Account Men (Compositors).

The strength of this class of men as sanctioned by Govt. in their order dated 6th ~~June~~ August 1930 was 35. The present strength stands at 27 and the

the Superintendent does not propose any retrenchment in ~~this direction.~~ this number

Machine Men.-

The number of Machine Men proposed by the Press Committee was 21 which was subsequently reduced to 20. This number has since been ordered to be further reduced by 4 owing to the compulsory retirement of 4 men involved in the recent strike. The present strength of the Machine Men is therefore 16. The Supt., however, says that the 4 posts above referred to should be restored on a reduced pay of Rs.20/- each per mensem to provide for a machine man for each machine. The effect of this proposal is that while the number sanctioned for this section remains the same, viz., 20, there will be a monthly increase of Rs.80/- over the existing scale. Government are pleased to approve of the Supdt's recommendation.

Assistant Machine Minders.-

The existing strength of the Assistant Machine Minders after absorbing the 5 Supernumeraries referred to in the G.O. of 8-.... is 31 against the scale of 30 fixed by the Press Committee. The Supt. asks for one addition to this number for being put in charge of the treadle machine recently sanctioned. As he has proposed to reduce the existing 8 hands on Rs.18/- per mensem to 4 and employing instead 5 hands on Rs.8/- p.m., his proposal in this respect results in a saving of Rs.32/- per mensem. The ~~Supt's~~ proposal is sanctioned.

Binders.-

Binders.-

The present strength of this section is 76. The Supt. states that the existing number may remain but that 5 men on Rs.35/- each who are nearing super-annuation may be compulsorily retired and that their posts abolished. He has also proposed the reduction of one hand on Rs.25/- In lieu of these six places, he proposes to employ six boys on Rs.5/- each. The savings that will be effected by this arrangement will be Rs.170/- per mensem on the existing scale of expenditure. The Supt.'s proposals are - sanctioned.

The net result of the above orders will be a further saving of Rs.122/- per mensem or Rs. 1,464/- per annum.

A statement showing the existing scale of establishment and the scale now sanctioned is appended to this order.

Government Order No. 1532-3—P. & S. 7-30-3, dated the 6th August 1930, sanctioning the revision of the establishment of the Branch Press, Mysore with effect from 1st July 1930.

2. Government Order No. 3868-9—P. & S. 22-30-9, dated the 8th October 1930, sanctioning the absorption in the permanent establishment of a certain number of Hour Account Compositors and Piece-Work Machine men and Binders of the Central Press, Bangalore.

3. Government Order No. G. 10751-2—P. & S. 82-30-5, dated 29th April 1931, sanctioning the compulsory retirement of eighteen men who were on strike in the Press and directing that their places should be abolished.

4. Letter No. G. 11523, dated the 8th May 1931, to the Superintendent of Government Printing, calling for proposals for further retrenchments in the Piece-work staff of both the Presses.

5. Correspondence ending with letter No. P. 541 dated the 17th August 1931, from the Superintendent, Government Printing, Bangalore, submitting proposals for further retrenchments in the Piece-work staff of both the Presses.

ORDER No. G. 3097-8—P. & S. 22-31-3, DATED 13TH OCTOBER 1931.

Since the issue of the Government Order, dated the 8th October 1930 read above, various other retrenchments have been effected in the staff of the Central Press at Bangalore and the Branch Press at Mysore. The Superintendent was requested to investigate the possibilities of further retrenchment in both the Presses. In reply, he has stated that it is not possible to make any further retrenchments in the establishment of the Branch Press, but has submitted certain proposals in regard to the Central Press under the following heads:—

HOUR ACCOUNT MEN (COMPOSITORS.)

The strength of this class of men as sanctioned by Government in their order, dated 8th October 1930, was 35. The present strength stands at 27 and the Superintendent does not propose any retrenchment in this number.

MACHINE MEN.

The number of Machine men proposed by the Press Committee was 21 which was subsequently reduced to 20. This number has since been ordered to be further reduced by four owing to the compulsory retirement of four men involved in the recent strike. The present strength of the Machine men is therefore 16. The Superintendent however, says that the four posts above referred to should be restored on a reduced pay of Rs. 20 each per mensem to provide a machine man for each machine. The effect of this proposal is that while the number sanctioned for this section remains the same *viz.*, 20 there will be a monthly increase of Rs. 80 over the existing scale. Government are pleased to approve of the Superintendent's recommendation.

ASSISTANT MACHINE MINDERS.

The existing strength of the Assistant Machine Minders, after absorbing the five supernumeraries referred to in the Government Order of 8th October 1930, is 31 against the scale of 30 fixed by the Press Committee. The Superintendent asks for one addition to this number for being put in charge of the treadle machine recently sanctioned. As he has proposed to reduce the existing eight hands on Rs. 18 per mensem to four and employ instead five hands on Rs. 8 per mensem, his proposal in this respect results in a saving of Rs. 32 per mensem. The proposal is sanctioned.

BINDERS.

The present strength of this section is 76. The Superintendent states that the existing number may remain but that five men on Rs. 35 each who are nearing superannuation may be compulsorily retired and that their posts abolished. He has also proposed the reduction of one hand on Rs. 25. In lieu of these six places, he proposes to employ six boys on Rs. 5 each. The savings that will be effected by this arrangement will be Rs. 170 per mensem on the existing sclale of expenditure. The Superintendent's proposals are sanctioned.

The net result of the above orders will be a further saving of Rs. 122 per mensem or Rs. 1,464 per annum.

A statement showing the existing scale of establishment and the scale now sanctioned is appended to this order.

R. RANGA RAO, ESQ., B.A., B.L.,
Secretary to Government,
General Department,
BANGALORE.

SIR,

With reference to your letter No: G. 3553, dated 2nd November 1931, requesting the submission of the Special Report showing how the new arrangements ordered in G. O. No: G. 14823-80/P.&.S. 66-29-2, dated 27-6-1930, on the recommendations of the Press Committee, have worked, what economies have been effected and how far the recommendations of the Press Committee have been given effect to, I have the honour to submit the following report dealing with the same:-

1. Revision of the working hours.- The change in the working hours from 6 to 8 hours a day as sanctioned in the Government Order was given effect to from 1st July 1930. It has, on the whole, helped to clear off the arrears and limit overtime to the barest minimum and has resulted in increased outturn and efficiency of work. The employees, however, did not naturally relish the change and even now they are not quite reconciled to it. I hope, however, that in course of time, the resentment will wear away. The overtime allowances which amounted to Rs 4,594-0-0 during

Central Press were absorbed into the permanent establishment in G. O. NO: G. 3868-9/P.&.S. 22-30-9, dated 8th October 1930, and the new scales of pay were fixed at a total cost of Rs 50,472/- per annum. Similarly, those of the Branch Press were made permanent in G. O. No: G. 1552-3/P.&.S. 37-30-3, dated 6th August 1930, at an annual cost of Rs 5,472/-. The total annual cost sanctioned for the two work establishments was therefore Rs 55,944/- which is almost the same as was proposed by the Press Committee, viz., Rs 56,040/-. The actual expenditure incurred under this head in the official year 1930-31 was Rs 47,705-3-1, thereby effecting a saving of Rs 8,238-12-11. Further retrenchment in this staff has been effected and Government sanctioned the final scale at an annual cost of Rs 46,536/- in G. O. No: G. 3097-8/P.&.S. 22-31-23, dated 13th August 1931, thereby effecting a substantial reduction of Rs 9,408/- per annum over the already sanctioned amount of Rs 55,944/-. This reduction comprises all the items proposed by the Press Committee as shown below:-

Hour Account compositors ..	Rs	276.
Machinemen & Asst. Machinemen ...	Rs	612.
B i n d e r s. ...	Rs	3,877.
Six more H.A. Compositors .	Rs	2,520.
Five more binders. ...	Rs	2,100.
Total Rs -		9,385.

As regards the number of men now on the staff, the piecework compositors number 96, the Hour Account compositors fixed on permanent salaries number 35 (Central Press 27 plus Branch Press 8) the machine-minders 20, the Assistant Machine-minders 34 (Central Press 32 plus Branch Press 2) and the Binders 38 (Central Press 76 plus Branch Press 12) against 125, 50, 21, 32 and 95, respectively, proposed by the Press Committee. Thus, there are now 273 men against 323 men proposed by the Committee, thereby showing a reduction of 50 hands as against 11 hands proposed to be eventually abolished by the press Committee as noted in the foot-notes in Annexure - A -.

4. Revision of the establishments of both the Presses. - The increase in the number of working hours also necessitated the revision of the permanent establishments of both the presses and accordingly Government were pleased to sanction the revision of the Central and Branch Presses in their orders No: G. 4059-60/P.&.S. 22-30-10, dated 16th October 1930, and No: G. 1532-3/P.&.S. 7-30-3, dated 6th August 1930, respectively, in which the members of the subordinate establishments were given some increase of pay and those who were not benefitted by permanent increase of pay were given absorbable ~~HR~~ personal allowances in order to compensate them for the increased attendance they have had to put in the Press consequent on the increase in the number of working hours. The revision of both the presses resulted in an extra expenditure of Rs 11,691/- which has been met from the

savings effected under working establishments and overtime without any ~~application for~~ recourse to additional grants for this purpose.

5. Regulation of Rush Work.- With the increase in the number of the working hours, it has now become possible to execute the normal work of the Press during the working hours only and overtime is limited to very special circumstances and works connected with the State Budget, Representative Assembly and Legislative Council Meetings and those received from the Palace, the Dewan's office or the Chief Secretary to Government. The instructions conveyed by Government in this respect are being strictly carried out as will be seen from the considerable savings effected under the head overtime, which is expected to go down to Rs 1,000/- only, as against 4 to 5 thousand rupees that used to be spent in previous years.

6. Transfer of printing work to Private Presses.- Of the several items mentioned in the schedule of works that could be entrusted to private presses formulated by the Press Committee, with the exception of a number of Educational books that have been entrusted to a Private Press on a contract basis, all the other works barring those that have ceased to come owing to retrenchments effected in the respective departments, are being done in the Government Press, as none of the departments concerned could make any provision in their own budgets for printing in Private Presses.

7. Formation of a Depreciation Fund.- A depreciation

fund on the lines suggested by the Press Committee in Annexure - C - of their Report has been opened in the Government Press in consultation with the Comptroller to Government, from 1st July 1930. Statement showing the cost of renewals and replacements of Plant and Machinery of the Government Press for the official year 1930-31 has also been appended to the Administration Report of last year.

8. Installation of individual Motors in the Machine room. As directed by Government in para 11 of the order referred to, the question of replacing the existing collective drive by individual drive for the machines installed in the Central Press was taken up with the Electric Department and the Superintendent, Bangalore Power and Light. who was entrusted with the work, requested Messrs. Crompton Engineering Co., Madras, to furnish an estimate. They accordingly worked out the proposal and furnished a detailed estimate for Rs 16,700/- upon which a detailed report was submitted to Government in this office letter No: P. 994, dated 29th September 1931. As the scheme did not prove as remunerative as it appeared to be, Government were pleased to approve of the proposals to gradually replace collective drive by individual motors, whenever new printing machines are installed in the press in place of old and unserviceable ones.

9. Technical Rules of the Press.- The Rules approved by the Committee have been circulated to all departments for their guidance and I am glad to record that the departments are co-operating with the press in

returning the proofs promptly. Action has also been taken to appoint graduates in higher vacancies in the Proof Branch with a view to improve the quality of proof-reading in the Press.

10. Decentralization of Works.- As sanctioned in para 13 of the Government order, the Senior Sub-Assistant Superintendent has been placed solely in charge of Forms and Stationery sections, so as to ensure better scrutiny and increased efficiency of work in these Branches. The Press proper is, as usual, in charg of the Junior Sub-Assistant Superintendent. The appointment of the Accountant sanctioned by Government has not been filled up for the present in order to keep down expenditure under establishment.

11. Covers.- The Covers, Note papers and Envelopes are now being supplied in nine different standards, as approved by Government, to such of the offices as need them. In certain cases, Badamy and Brow cartridge papers are being supplied for the offices to prepare their own covers as this is found to be cheaper than to make the covers in the press and supply them.

Note papers & Envelopes.- At present, post quarto designated as 1st quality note paper, and the same Octavo named as second quality note paper, first quality memorandum and combined envelopes ~~are issued~~ are issued for general supply, while large post, superior quarto ~~only~~ and octavo (Carara) Note paper and envelopes to matc are issued to the Palace, Members of Government and the Secretaries to Government.

Chit, large post and small post, envelopes are

manufactured in the Press and supplied to all offices.

12. Free Printing.- Most of the free printing that used to be done for semi-official bodies has ceased. In exceptional cases and only with the sanction of Government, such printing is undertaken.

13. Standardisation of Forms.- The departments whose forms and registers have already been standardised are evincing a greater spirit of co-operation and are offering suitable explanation before they claim more quantities than are provided in their respective lists. There is still some room for improvement in respect of keeping the lists up-to-date.

The departments who had not standardised their forms and registers were addressed by this office as directed by Government requesting them to expedite standardisation. All of them replied that the work was being pushed through and a report was submitted to Government in the matter, upon which they also circularised the departments to push on with the work

Only one Major Department, viz., the Revenue Department, has been able to standardise its forms and registers since, and Government have sanctioned their standardisation for a period of three years as per G. O. No: 5144-45/R.M. 8-30-102, dated 25th March 1931.

The Forest, Education, Agriculture and Co-operative Departments have sent in a list of their respective forms and registers and their standardisation has not received the formal sanctioned of Government.

The other offices have been requested to complete

the standardisation at an early date.

14. Special Officer to Examine Forms.- No officer has been appointed for this work on account of financial considerations. As soon as it is possible to make a grant for the purpose, the matter will be taken up.

15. Supply of forms to Taluk offices direct.- This is being done with the help of the temporary staff of two invoice clerks and two counters sanctioned for the purpose. I believe the arrangement is appreciated in the Taluks.

16. Supply of Stationery articles.- The supply of stationery articles to different departments is at present being done Districtwar and has been spread throughout the year on a calendar basis. The Departments have been informed of the months in which they could expect their supply and in cases where the supply falls on a remote month, an ad-interim supply is also made.

17. Revision of the Government Order of the 27th May 1904.- The old rules have been revised in G. O. No: G. 201-60/P. &. S. 1-31-1, dated 8th July 1931 and printed. Copies of the rules have been sent to all the departments for information. These rules have also been embodied in the Stationery Manual which is under print after approval of Government.

18. The Committee anticipated a saving of Rs. 30,000/- per annum, both from the press and Stationery budgets as a result of their recommendations, but the actual savings accrued have exceeded these anticipations inasmuch as there was a saving of Rs. 65,648 in 1930-31 and Rs. 1,10,680 in

1931-32 as compared with the expenditure during 29-30 as can be seen from the statement furnished below.-

ccounts for	Accounts for 1930-31.	Budget grants for 1931- after reductions effect as per G.O. Nos: 25-24/ P.&.S. 22-31-2, dated 23-9-31 and No: 3097-8/ .&.S. 22-31-3, dated 3-10-31.
	STATIONERY.	
2,09,948.	1,82,001.	1,50,500.
	P R E S S.	
1,67,234.	1,26,531.	1,16,000
3,77,180.	3,11,532.	2,66,500
	Savings Rs 65,648	Savings Rs 1,10,680.

Thus, all told, a total sum of Rs 1,10,680/- has been saved both from the press and stationery budgets during th current year and this large saving was only possible by giving full effect to the recommendations of the press Committee as sanctioned by Government in their order, da 27th June 1930.

The budget of this department has suffered seriously from the axe of retrenchment and is not adequate for the normal requirements of the Press. Larger grants under paper and Stationery, purchase of materials and machines, etc., are needed as soon as finances improve, so that the press may

may be maintained continuously in an efficient condition.

I have the honour to be,

Sir,

Your most obedient servant,

Superintendent,
Government Printing.
